

**19 – 21 November 2010**

**19<sup>th</sup> Annual Rural Faculty Development Event**

# Fall Harvest 2010

Join us at the Delta Centre Suite, starting on Friday, the 19<sup>th</sup> of November for a wine & cheese reception. Followed by two days of interesting guest speakers and workshops!

We are pleased to welcome two dynamic speakers for the 19<sup>th</sup> Annual Fall Harvest. Dr Jean Twenge will take the floor on Saturday morning, and Dr Maria Mylopoulos following in the afternoon.

Participants will choose from several workshops that will be offered on the Sunday. These will be facilitated by our very own faculty experts in current and relevant subjects for educating today's medical learners.

The Saturday social promises to be an evening of relaxation and a fabulous opportunity to catch-up with colleagues and friends from around the province.

Dr Jean Twenge, PhD, "The Narcissistic Epidemic" and co-author of "Generation Me", will take us behind-the-scenes and look at the psychology on how the generations differ. Physicians teaching medical learners of all levels will find Dr Twenge's work of interest and help to unravel some of the mystery surrounding today's generation, using humour and spiced with plenty of pop culture!

Dr Maria Mylopoulos, PhD, is an Educational Researcher and an Assistant Professor in the Department of Pediatrics at the University of Toronto. Her research work explores the practice and development of expertise in healthcare and the knowledge produced through the everyday activity of creating or discovering knowledge to solve problems. Her presentation will explore routine and adaptive expertise and its implications for teaching and practice.

For more information, please contact Tamara Mitchell Schultz. For those guests requiring accommodation, the registration deadline is noon, *Friday, 29 October 2010*.
